Ferguson for plumbing fixtures and appliances - call Heather - 609-716-3030

Bath's Etc. for plumbing fixtures - call Mary Beth or Patti - 609-799-5777

Glass Castle for glass, mirrors and shower doors - call Stuart - 609-530-1115

Creative Ceramic

What Have We Been Doing at Dickson Development?

It has been a busy and challenging year. I want to thank all of our clients for the work opportunities we have had and for the upcoming work we shall be starting.

Examples of some of our recent projects include:

--A whole house renovation in Princeton for a new client.

--Renovations of three bathrooms for a client for whom we installed a new kitchen over ten years ago.

--Two completed kitchen projects, one with an addition and one built within the existing space. Both turned out exceptionally well.

--Demolition and construction of a new two story garage in Princeton Borough. This is a tight site!

--For clients for whom we built a first floor study addition and lovely bath we returned this year to renovate an existing bath. This is an example of how small spaces drive creative thinking.

--For clients in Lawrence Township we did a series of projects this year starting with a whole house renovation with additions and then followed up recently with some site work and replacement of the rest of the windows in the house that included a Kolbe custom bay window over ten feet wide.

--We are in the middle of a sweet renovation of a kitchen in Princeton. When you take an original fifty year old kitchen and redo the cabinetry, flooring and tile something beautiful emerges.

I hope we have done well for our clients. All of us, the DDC staff, our trade partners and suppliers are thankful for the

Tile - call Michele -
888-744-TILE

EPower Electrical
Contractors for an
electrician - call Matt
- 800-745-5002

Paint-Pro for
painting - call
George - 609-490-
1239

Storm Master Co.
for gutters and
leaders - call Joel -
732-521-4989

opportunities we have had during a difficult year. We appreciate the kindness extended to us and the cooperation of all of our clients.

When I take the time to review the many projects we have done, both large and small, several things stand out for me:

--Many projects have been for previous clients or referrals from our clients. That is very rewarding.

--Each project is unique and I find them all personally interesting whether large or small.

--At 63 years old I still love building something every day.

It would be most helpful for you to forward this newsletter to your friends and neighbors in Princeton and its surrounding communities.

I thank all of our clients for their confidence in us and for giving us the opportunity to build something for them.

Warm regards,

Richard
